Petition for Rule Making  
FM Channel 275C3  
Tupelo, Oklahoma  
July 10, 2003

**Attachment A**

Request to Reclassify  
Station KJYO(FM), Oklahoma City, Oklahoma  
Pursuant to MM Docket 98-93

Radio Station KJYO(FM), Oklahoma City, Oklahoma is licensed to Clear Channel Broadcasting Licenses, Inc., (Facility ID 11918), FCC File No. BLH 19880912KB. The facility operates with a power of 100 kilowatts with center of radiation 372 meters height above average terrain. The above captioned Docket 98-93 provides the mechanism to automatically downgrade a Class C facility to Class C0 when a demand is made for the spectrum, as is the case here. Charles Crawford respectfully requests that the license of Radio Station KJYO(FM) be modified to specify operation on FM Channel 274C0 instead of on FM Channel 274C in accordance with the above Docket which provides for such downgrades when a demand for the unused spectrum is made, as is the case here.

Charles Crawford, the proponent of Channel 275C3 at Tupelo, Oklahoma, in accordance with the above Docket, formally requests that the Commission reclassify Radio Station KJYO(FM) as a Class C0 facility. Charles Crawford certifies that no alternative channel is available for the service he proposes at Tupelo, Oklahoma as is proposed in the Petition for Rule Making. A copy of this Petition for Rule Making is being served on Clear Channel Broadcasting Licenses, Inc. as is required in the above Docket.
